7.3 Performance of district in regard to the provision of special education and related services
The district received a designation of Meets Requirements. This is a compliment to our Special Education Coordinator, Jenny Gronewold and to our special education staff.

Essentially, Determinations are a way of designating the status of each LEA/EIS program in relation to one of four categories: (1) Meets Requirements, (2) Needs Assistance, (3) Needs Intervention and (4) Needs Substantial Intervention.

As implied, these categories represent various intensities of technical assistance and/or intervention. Each State is required to make such a determination using these categories for each and every LEA within the state on an annual basis.

In making Determinations, Illinois considers the following:
1. LEA performance on Compliance Indicators (Indicators 48, 9, 10, 11, 12, 13)
2. Whether the data submitted were valid, reliable, and timely
3. Uncorrected Noncompliance from other sources (e.g. District Monitoring & Complaints)
4. IDEA Part B Audit Findings
